## SPECIALIST PAINT FOR PARK HOMES

Available through

## BRITMET SMOOTH

Ideal for park homes that require repainting to enhance the look of the home and help retain your warranty. Britmet Smooth can be applied to all textured surfaces to further protect your home for years to come. It is initially advised to paint your home after two years and then every 3-5 years, dependant on location. Britmet smooth coating can be used for repainting, ensuring a long lasting, durable and weather protected seal.

- Large area coverage
- Dirt-resistant
- Water-resistant
- Extremely durable
- Crack-resistant
- Mould and algae resistant
- Made in the UK

### USAGE:

For exterior use plywood, hardwood, masonry and other surfaces over existing water based acrylic texture or smooth paint.

### APPLICATION:

**Roller:** Apply evenly using a well loaded roller or brush.

**Coverage:** 8-10m<sup>2</sup> per litre.

### DRYING & RECOATING:

**Touch dry:** 1 to 2 hours

**Fully dry:** 3 to 4 hours

## GOLDSHIELD

An AROS Holdings Company

Our premium exterior paint is insurance approved, ensuring top-tier durability and long lasting protection for your park home with the trusted assurance of warranty retention. Your investment will be safeguarded by industry leading quality and performance.

All of our coatings are formulated and produced at our West Midlands based factory where we currently manufacture over 350,000 litres of textured and smooth coatings per year. With our vast knowledge of the park home industry we produce coatings for many build types that offer unparalleled quality.

Britmet Lightweight Roofing is a long-established manufacturer of lightweight roof tiles and coatings for the park home and leisure industry. The exterior of your home and its protection is vital to us and with over 40 years of experience supplying manufacturing and refurbishment companies alike, we've got you covered.
